### And What Have You

By BOB CRAIG

It is still hard to believe, but the Pipers will be playing for the district championship Friday night when they travel to Ballinger to take on the Bearcats. We have covered lots of football teams over the years but have never seen a team turn a season around like this bunch of Pipers have.

A win over Ballinger Friday will put the Pipers in the playoffs against Cooper of Lubbock. They likely will need to win the next two games to win the district crown outright, but a win Friday cinches a playoff berth.

But it will take another fine team effort to come up with this win over Ballinger and the boys will again need the support of the fans to do the job. Hope you already have your tickets and are planning to be in Ballinger Friday night.

Miss Lennie Greenway was in the office Monday asking us to put something in the paper that might wake up the public to the needs of the Hamlin Cemetery. She says that the cemetery is in bad shape and is out of money to do anything about it. She also says that it would take more than money to fix it up because she cannot find any workers.

The only hope we can see for Miss Lennie's problem is for some organized support for the cemetery. We know that more than one person has to be concerned.

All of the smaller communities keep their cemeteries up by having work days. Don't know if this would work here or not but something has to be done before our cemetery becomes a total disgrace.

If you can help in any way please contact Miss Lennie.

A couple of weeks back we mentioned in this space about attending the plaque dedication ceremonies in Matador honoring Doug Meador, publisher of the Matador Tribune and creator of "Trail Dust."

The following are just two examples of why this man is rated as one of the world's greatest users of the written English word. They were both taken from his last week's edition.

"Lights no longer reflect from train windows on the pines, the walls of rock and clay, and passing telegraph poles. The thunder of massive steel coaches and roaring engines has surrendered to silence and soft falling snow on cold steel rails. One by one the great trains have gone with their cargoes of human lives that left no evidence of having passed. Travelers with hopes and fears, courage, dreams, love, wealth, poverty, pity and hate in their thoughts and plans, hurtling to countless destinations. They met and parted seldom ever to meet again and the trains roared through the years until they too reached the destination of silence, with rust forming on once bright wheels and flanges. It has been said that nothing is permanent but change."

"We had been in the ballroom before, and the music was soft and floated to the domed ceiling clustered with colored lights. But things had changed; the music and the crowds and the times and the attitude of social life. The orchestra produced some sounds that might have been the banging of shutters on the windows of purgatory."

We ran across the following in the Perryton Herald:

This country has been put on notice that it must embrace the metric system of weights and measures, and a lot of people are upset about having to make the change.

However, most people can't tell you about the system we now use. For example:

## Workers to Open Area Wide Religious Survey Saturday

Volunteers from 12 Hamlin Churches will conduct an area wide religious survey beginning at 9 a.m. Saturday. Workers will be calling at homes on Saturday and again on Sunday. Follow-up will be during the week and on Nov. 18 and 19. Plans are for the survey to be completed Nov. 19.

Information obtained during the survey will be compiled into directory form and will be made available to all participating churches.

Churches taking part in the survey are Oak Grove Baptist, East Side Church of Christ, Holy Trinity Catholic, Baptist Mexican Mission, Foursquare Gospel, Hamlin Church of Christ, First Assembly of God, Central Baptist, Church of the Nazarene, First United Methodist and First Baptist.

The form being used for information is being placed in this

issue. Residents may clip it out and fill out the necessary information and have it ready to hand the survey worker when they come by. This will be greatly appreciated by the volunteers and will save time for both the resident and the worker.

As a service to Hamlin Board of Community Development an Industrial Survey will be taken along with the religious survey. Information being requested is on a form printed in this issue. This form may also be filled out in advance and handed to the worker.

## Program for Migrant Children Started Here

A program for Migrant Children under Title I of the Elementary and Secondary Education Act (ESEA) was started in Hamlin Monday under the guidance of Mrs. Chris Pena, teacher aide. She is working under the supervision of Region 14, Education Service Center, Abilene.

The migrant program has been in existence in Region 14 for about four years but this is the first year for the program in Hamlin schools.

Mrs. Pena will work with students in the first through eighth grades. Purpose of the program is to build on the student's educational background to aid him to progress with other class members.

Special emphasis is given to development of the language arts and helping the student in

communicating and expressing himself.

Mrs. Pena has 20 students at this time ranging from the first through seventh grades. She works with the students in their respective classrooms or in a special room assigned to her. The time spent with the students will vary with their needs, she said. Her mornings are spent in the primary school working with primary and elementary students. In the afternoon she is in the junior high school building.

Preparation for the migrant program began a week ago when Albert Martinez, chief consultant of the Migrant Program, and Mrs. David J. McDonald, demonstration teacher, worked with Mrs. Pena in getting the program initiated.

Mrs. McDonald will make visits to Hamlin once or twice weekly or as needed, she said. ESEA Title I of 1965 is specifically designed to help educationally deprived children. It was amended in 1966 to include the children or migratory agricultural workers.

The program seeks to meet the specific educational needs of migrant children through remedial instruction; health, nutritional, and psychological services; cultural development; and prevocational training and counseling.

As the migrant child moves with his family in search of agriculture related vocation, his educational and health information is easily obtainable from a computerized data system. The information on any migrant child is available in any state within 24 hours. This insures some degree of educational continuity. Reports on students in the Hamlin system are sent to Region 14 ESC in Abilene where it is processed for the computer bank. All states receiving title I migrant funds participate in the Uniform Migrant Student Record Transfer System.

## Foursquare Revival Now Underway

A program of special music is planned for Saturday evening during the revival at Foursquare Gospel Church now in progress.

The youth choir from the First Baptist Church, under the direction of Lynn Mink, will present special music beginning at 6:50 p.m.

The revival is being led by the Rev. John Wheeler of the Foursquare Gospel Church of San Angelo, evangelist.

## Services Set

The youth of Central Baptist Church will take an active part in the Sunday afternoon services at Holiday Lodge. Special singing and talks are scheduled by the youth.

The pastor, the Rev. C. G. Grigg, will present a brief message.

The service is at 2:30 p.m.

## Pipers Seek Playoff Berth At Ballinger

It will be the game of the year for the Pipers at Ballinger Friday night as they will be playing for a berth in the state playoffs. A win over the Ballinger Bearcats would cinch at least a tie for the Pipers and the right to represent District 6-AA in the playoffs.

For Ballinger to get into the playoffs they must defeat both Hamlin and Haskell in their remaining two games. A Ballinger win over Hamlin and a loss to Haskell could throw the district into a three-way tie with the playoff representative being decided on the toss of a coin.

Surprisingly, neither team was expected to be in the race for the crown at the start of the season or even at the start of district play. Ballinger went into district play with a 1-3-1 record and the Pipers started district play with a 0-4-1 record. But now both teams are 3-0 in the games that count.

In other district games to be played Friday night, Haskell will be playing at Stamford and Winters will be playing at Anson.

Last week while Hamlin was rolling over Stamford here, 45-0, Ballinger was defeating Anson, 33-9, and Haskell had to come from behind to defeat Winters, 21-14.

The two teams have played four common opponents with both teams winning two and losing two. Ballinger lost to Colorado City 15-12 and Hamlin lost 42-6. Ballinger lost to Coahoma 48-21 and Hamlin lost 40-18. Ballinger defeated Stamford 44-0 and Hamlin won 45-0. Ballinger won over Winters 34-0 and Hamlin defeated them 7-6.

In their other games, Ballinger defeated Brady 20-0, tied Reagan County 0-0, and lost to Coleman 14-8.

## Chili Supper In Ballinger

Hamlin football fans are invited to attend a Chili Supper sponsored by the Ballinger Lions Club Friday from 5:30 to 7 p.m. Tickets are \$1.25 for adults and 75 cents for children under 10.

The meal will include pie for dessert. Serving will be in the elementary cafeteria near the football stadium.

Proceeds from the supper will be used to help in building a new library in Ballinger.

depend on the running of their big fullback Johnny Slaughter and the passing of Quarterback Billy Jernigan. Last week Slaughter roamed for 304 yards in 22 carries against Anson and Jernigan completed 4 of 9 passes for 100 yards.

Slaughter moved up into second spot in the district scoring race behind Haskell's Jackie Young with 76 points. He edged out the Piper's Johnny Jones by four points.

Jernigan, who is a good scrambler, likes to throw deep and sends out as many as five receivers. His favorite receiver is slot-back Frank Mata who has scored six touchdowns for the Bearcats this season. Joining Jernigan (155), Slaughter (190) and Mata (150) in the Ballinger backfield will

be Robert Buxkemper, a 155 pound halfback.

In the line for the Bearcats will be Charles Johnson (150) and Eddie Guevara (165) at the ends, Frederick Snell (185) and Fermin Rodriguez (200) at the tackles, Eddie Yocham (170) and Karl Vancil (188) at the guards and Charles Cook (160) at center.

The front six for Ballinger on defense will be Randy Farris (170), Vancil (188), Cook (160), Snell (185), Rodriguez (200), and Johnson (150). Backing the line will be Slaughter (190) and Mata (150). The three-deep secondary will be Buxkemper (155), Jernigan (155) and Tommy Parrish (150).

The Ballinger defense has given up on nine points in district play and only 86 for the season.

## Jones County Goes for Nixon

Jones County voters gave President Richard Nixon a better than 3 to 1 edge over George McGovern in the General Election voting here Tuesday as Nixon won a landslide victory for re-election.

Nixon carried Jones County 2334 to 780 in his sweep of Texas.

Nationwide, incomplete returns indicate that Nixon carried nearly every state as he rolled up 504 to 27 victory in electoral votes and captured 61 percent of the popular vote.

Jones County voters also gave a slight edge to John Tower in his bid for re-election over his Democratic opponent Barefoot Sanders. Tower received 1681 votes to Sanders' 1440 in the county and latest returns show him leading Sanders state-wide, 612,001 to 495,840.

In what turned out to be an unexpectedly close race County voters gave Dolph Briscoe a two-to-one edge over Henry Grover, but on the state-wide level the race was still close Wednesday morning. Jones County voters gave Briscoe 2068 votes to Grover's 1022.

The only other close race in the county was for State Treasurer and Jesse James led Maurice Angly by only 788 to 626. James was leading state-wide and was the apparent winner.

Jones County voters approved all but three of the 14 amendments on the ballot as they turned down higher salaries for both Legislatures and the Lt. Governor and voted against Conservation District dual pay.

## Rotary Club Sets Spaghetti Supper Nov. 17

The Hamlin Rotary Club will host a spaghetti and meat ball supper here Nov. 17 preceding the Anson-Hamlin football game.

The meal will be served in the high school cafeteria from 5 to 7 p.m. Advance tickets are now on sale by members of the club.

Tickets will be \$1.00 for adults and 50 cents for junior high age and under.

## Dismiss Early

School will be dismissed early Friday afternoon for the Ballinger-Hamlin football game at Ballinger.

Classes will be dismissed at 3 p.m. and buses will run at this time.

**NEW MIGRANT PROGRAM STARTED** — A program to aid children of migratory agricultural workers started here Monday. Mrs. Chris Pena, teacher aide, shows Luke Smith and Cynthia Perales, both first graders, some of the teaching aids that will be used in the program. Assisting in the program are Mrs. David J. McDonald, center, and Albert Martinez, both of Region 14 Education Service Center in Abilene who brought materials to be used here.

Piper Willis  
Wow! Isn't it great to be a Piper??? Yes! Yes!! Yes!!! is the answer you'll get from the HHS students and fans. Oh, it's so exciting. The Big Green Team is undefeated in district play and only two games remain. This week the Pipers travel to Ballinger to tangle with the Bearcats. Game time for all district games is 7:30, so don't miss the kickoff, Bill or Johnny might run it back for a TD!!

hhs  
The seniors are still controlling the competition yells during the pep rallies and they say they're going to keep it all the way through district. The coaches picked No. 31 Johnny Cork, Sr. FB, as the Most Spirited player and he was presented with the Spirit Stick last week. The boys received treats of gum and cookies from the cheerleaders and the Sophomore girls. Speeches were requested from No. 50, Frank Willis, Sr. C; No. 21 Joe Mayes, Sr. TE; and Coach Bill Grissom. These three thanked the fans for their support, the boys for their spirit, and the coaches for their work. See? We're all working to win. Why don't you come to Ballinger and help us?

hhs  
The Student Council District meeting is this Saturday at

Abilene. Hamlin High is running for District Secretary. Monday night was a "Work Night" in the library to make pennants, posters, and signs to polish up the campaign. The posters were decked with such powerful phrases as: "It's a new dawn," "Wake Up and vote Hamlin for Sec.," "It's written in the clouds — Vote Hamlin for Sec.," "Vote Hamlin for Sec. and Have a nice day!" "Get on the good foot!", etc.! Anyway, our imaginative council will travel to Abilene Saturday to campaign. They're really trying for for it, because if elected they'll host next year's district meeting and we'll will get to show off our school.

hhs  
The pride of Hamlin, the Pied Piper Marching Band really outdid themselves Friday night. They performed their 72 marching contest show. And it really went over big with the theme from the motion picture "Shaft" by Isaac Hayes and "Make Me Smile" by Chicago. The show sure looks like a winner and if the band gets a one at contest this week they'll be trying for their 5th Sweepstakes in a row!!!

Nixon Takes Straw Vote In High School

Voting by Hamlin High School students indicated that President Nixon was the presidential choice by a large margin, but in the second grade

where balloting was held Tuesday, Nixon was the choice by a margin of one vote. The balloting in high school was held last Monday after members of Mrs. Frank Codington's Civics class presented the Republican and Democratic platforms during an assembly program.

High school student voting was 148, Nixon; 87, McGovern; 149, Tower; and 80, Sanders. In the second grade a total of 66 ballots were cast with 31 marked for Nixon and 30 for McGovern.

**NOVEMBER BIRTHDAYS NOTED** — Residents in Holiday Lodge who celebrate birthday anniversaries this month are from left, Mrs. Susan Hames, born Nov. 4, 1881; James Keen, Nov. 14, 1907; John Dominey (standing) Nov. 5, 1896; and Bertha Simmons, Nov. 14, 1910.

FROM THE FILES . . .

**FORTY-THREE YEARS AGO**  
(November 8, 1929)

It is interesting to observe the paving that is being done on the half block from the Spencer Lumber Company on Union Avenue to Central Avenue. The work is under the direction of Engineer V. H. Montgomery and already a vast amount of that fine Moore & Moore Gravel is being spread. It will undergo several treatments, according to reports and in the end a real satisfactory paving is expected. If it proves what they think it will, doubtless there will be many blocks of paving done in streets leading to Main Street in the near future.

W. Hale Odon is the new manager of the Acorn Store, coming here from Anson where he spent nearly three years, and the main thing about him is that he likes Hamlin so well he has purchased a pretty home on Lake Drive addition.

The Pied Pipers will play the Merkel High School on Armistice Day, November 11th. This will be one of the snappiest games of the season, and will be played on the local athletic field. The Pipers are expecting this to be one of the toughest battles that they have engaged in this season.

**TWENTY YEARS AGO**  
(November 7, 1952)

Most of Hamlin business establishments will be closed for Armistice observance. Hamlin's Schools will dismiss classes for the day, according to Superintendent I. R. Huchingson. With clear, sunny weather and the temperatures rising, the three Hamlin gins and the total of six in the greater Hamlin area were producing again at approximately the same ratio as before the rain and freezing weather. Up to press time the three gins in Hamlin had processed a total of 1875 bales, and the gin managements said that by this (Friday) morning the gins would be hitting their former stride.

After negotiations lasting nearly five months, increases in telephone rates have been agreed upon and approved between the Hamlin City Council and Southwestern Bell Telephone Company. The rate schedule will become effective on billing as of November 16.

The Jacksonville Baptist College Choir will render a musical program this (Friday) evening at 7:30 o'clock at Calvary Baptist Church. The public is invited to attend and hear the program, according to members of the congregation.

**TEN YEARS AGO**  
(November 8, 1962)

The Ministerial Alliance of Hamlin reminds all of Hamlin of the community Thanksgiving Service to be held at 7:30 p.m., November 21, at the First Methodist Church. This is a united service sponsored by the Ministerial Alliance of Hamlin. Mayor John V. Howard, local Civil

Defense officers, has called a special meeting of all citizens at the Hamlin High School Auditorium tonight (Thursday) to discuss steps to be taken in case of nuclear attack or other disasters. The special meeting is being set up through the cooperation of the local school, Fire Department, City officials and the County Agents.

The Busy Bluebirds were taken on a tour of the Hamlin Herald Plant last Thursday afternoon.

Miss Aleise Cline, Director of Guidance for Abilene Public Schools, was the featured speaker for the special Dad's Night program of the Hamlin Parent-Teachers Association in the Hamlin High School Auditorium Thursday evening.

The Hamlin Chapter of Future Farmers of America is to serve as host for the annual Stamford District FFA leadership contests November 13.

THE SEASON FOR . . .  
**COLDS AND FEVER**

THE COMMON COLD . . . one of the few viruses that man has not conquered with a cure. The only thing that we have come up with so far, are medicines to give us relief. Perhaps, some day, someone will come up with the solution.

There are many spiritual things that we do not know the answers to. These things we must accept on faith.

*"The secret things belong unto the Lord our God: but those things which are revealed belong unto us and to our children forever, that we may do all the words of this law."* Deuteronomy 29:29

God has revealed himself, his son, and his commandments, these are the major things.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Pipers Use Speed to Pound Stamford, 45-0

In an awesome display of speed, the Pied Pipers ran through, around and over the Stamford Bulldogs here Friday night to take their third District 6-AA victory in as many starts. The Pipers rolled up a 30-0 half-time lead before putting in their second offensive unit and coasting to a 45-0 victory.

The Piper secondary had a field day as they picked off five Bulldog passes and returned two of them for touchdowns. David Willis returned one for 85 yards and Bill Cork returned the other one for 80 yards.

Running backs Johnny Jones and Albert McAfee tore up the Bulldog defense in the first half as Jones carried 10 times for 172 yards and three touchdowns and McAfee carried seven times for 85 yards and one touchdown.

Hamlin kicked off to Stamford to get the game underway and on third down Cork picked off the first Stamford pass of the evening. Taking over on the Stamford 38, the Pipers moved to the Bulldog 21 before trying a 38-yard field goal on fourth down. David Willis' kick was no good and the Bulldogs took over on the 20.

Milton Jones intercepted another Bulldog pass on first down and the Pipers took over on the Stamford 20. On second down Milton passed to Willis for 17 yards and a first down on the Stamford 3. The Pipers lost two yards on two plays before Johnny took off around his right end and just out-raced the Bulldogs to the flag. Steve McKissack kicked the point after.

The Bulldogs were forced to put following the kickoff with the Pipers taking over on their own 26. Milton overthrew Cork on the bomb and then gave the ball to McAfee on the next play with him breaking several tackles and racing 74 yards for the Piper score. McKissack kicked the point after.

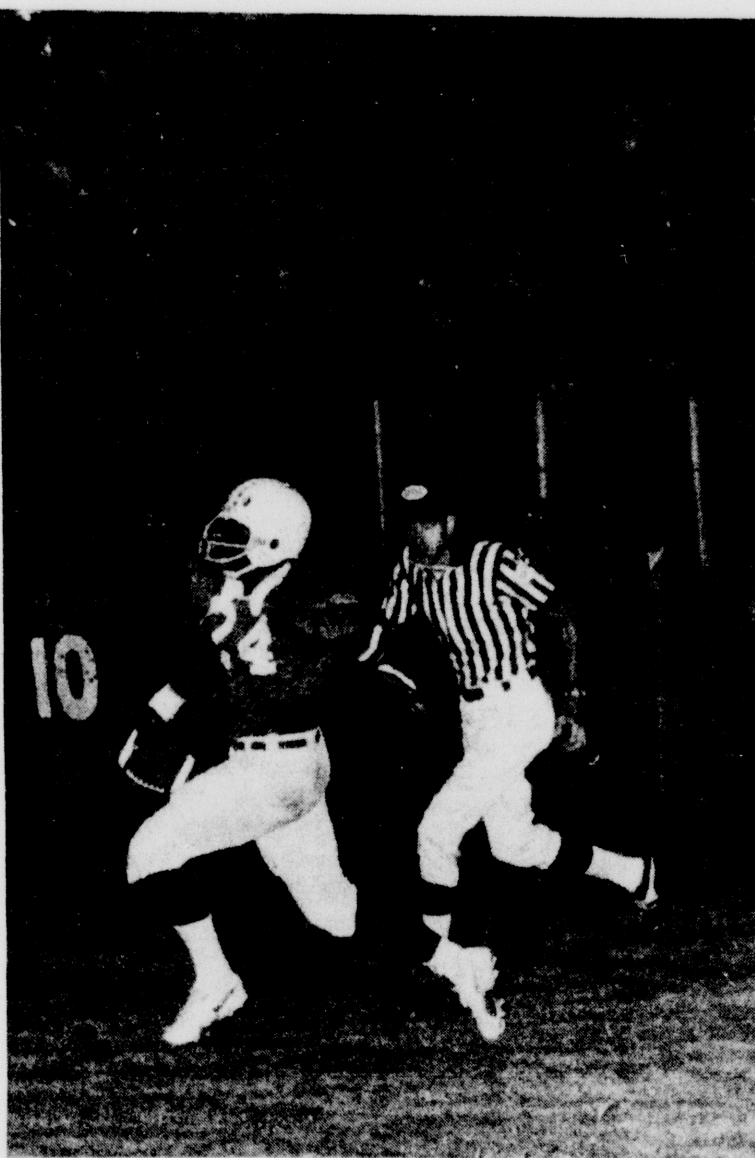

The Bulldogs put together their first drive of the night following the kickoff, moving from the Stamford 40 to the Hamlin 10 in 14 plays. The Bulldogs were a yard short of a first down and the Pipers took over on the 10.

On the first play, Johnny faked out the corner back and raced 90 yards for the score. McKissack's kick made the score 21-0.

The Bulldogs were forced to punt following the kickoff with the Pipers taking over on the 28. They moved the ball to the Stamford 44 before the Bulldogs picked off a Milton pass at the Stamford one. On fourth down the Bulldogs were forced to punt from their nine with Larry Mayes blocking it out of the endzone for a safety.

Willie Hooper returned the free punt to the Stamford 43. McAfee picked up one yard and then Johnny took off on another touchdown gallop. This time he went around his left end for 42 yards. McKissack kicked the point after.

Stamford was forced to punt and the Pipers ran out the

**IN FOR THE SCORE** — Sophomore Halfback Johnny Jones crosses the goal line for the first score against Stamford here Friday evening. Jones took the quick-pitch and raced untouched into the end zone for a seven yard touchdown run in the first quarter. He scored two more times before the first half was over. One on a 90-yard run and the other was on a 42-yard carry. Jones carried the ball 10 times during the night for 172 yards. (Photo by Tim Jones)

clock to go in at half-time with the score 30-0.

Aided by a 15-yard penalty the Bulldogs moved to the Hamlin 25 before giving up the ball. The Piper second unit failed to move the ball and Milton punted 43 yards to the Stamford 37. Stamford again moved to the Hamlin 10 yard-line for their second scoring threat of the night, but Willis picked off a Stamford pass and raced 85 yards for the score. Hooper could not get the ball set for McKissack for the point after and ran it into the endzone for the two pointer.

The two teams exchanged punts following the kickoff with Milton getting off a 50-yard one to the Stamford 11. The Bulldogs moved out to the 35 before fumbling.

Taking over on the 29, the Pipers moved to the Stamford 10 before calling on Willis to try another field goal. The kick was

long enough but wide to the right.

The Bulldogs were forced to punt again with the Pipers taking over on their own 34. On third down the Pipers fumbled with Stamford recovering on the Hamlin 37. Cork picked off a fourth down Stamford pass and raced across the field, turned the corner and went 80 yards for the score. McKissack added the point after to close out the scoring for the night.

Following the kickoff, Larry Mayes picked off another Stamford pass and returned it 35 yards to the Stamford 22. The Pipers took three plays to run out the clock on the 19.

Neinda Philosopher Claims Cost-of-Living Experts Must Have Over-Looked Him

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One looks into some statistics this week.

Dear editor:  
Every once in a while you pick up a paper and read that the cost of living index for such

and such a month has gone up 3 tenths of 1 percent or some such figure and the experts then tell you whether this is an improvement or not and go into detail about what caused the rise.

But what I haven't been able to figure out is where they get the figures.

AND  
Sidelights  
by Bill Boykin  
TEXAS PRESS ASSOCIATION

AUSTIN — "There were 55,000 criminal trials pending in district courts and 216,000 civil cases pending on dockets in Texas at the beginning of 1972," former Texas Chief Justice Robert Calvert told those attending the Governor's fourth annual Traffic Safety Public Support Conference in Austin.

This "crisis in our courts" has been caused by the constitutional restrictions on the Judicial Article, Judge Calvert explained.

The "crisis is approaching a judicial scandal" he quoted Judge Truman Roberts of the Texas Court of Criminal Appeals as saying.

Judge Calvert outlined problems in the present judicial system in Texas — explaining that they were analyzed by the 1972 Chief Justice's Task Force for Court Improvement.

The major problems are (1) docket congestion and trial delay; (2) proper administration and (3) proper election of judges.

Proposals for complete reorganization of Texas courts will be presented to the 1973 Texas Legislature," the former Chief Justice continued.

"Opposition will come from elected officials who are afraid it will affect their jobs.

"Judicial reform is doomed for this generation if public support does not overcome the opposition to these proposed changes in the Judicial Article of the Texas Constitution," he concluded.

A citizen's conference to gain support for the proposed judicial reform will be held in Austin on November 17 — at which time specific legislative proposals will be outlined for the public and press.

REVENUE SHARING COUNCIL FORMED — The Texas Department of Community Affairs has been designated as the agency to provide information and aid to local governments in federal revenue sharing implementation.

Designation of the agency for liaison between state-federal and local governments was agreed on at a meeting of the new Texas Revenue Sharing Council.

Texas is expected to receive about \$245 million during 1972 under the new federal revenue sharing program. About \$163 million of that will go to local governments, and \$81.5 million to state government.

The council, said Gov. Preston Smith, is not to interfere with individual decisions of local governments. Its purpose is to assist the local units with legal constraints and federal rules and regulations.

Council members directed the Department of Community Affairs to establish and man an Office of Revenue Sharing Assistance to local governments. The department, Texas Municipal League and Texas Association of Counties will assist the Treasury Department in completing lists of eligible governments and their officials.

for local officials.

Texas was termed "best prepared" of any state to begin implementation of revenue sharing.

Members of the Revenue Sharing Council include the Governor, Lt. Gov. Ben Barnes, House Speaker Rayford Price, Seguin May or Al Koebig, Houston May or Louie Welch, Victoria May or Kemper Williams Jr., Nueces County Judge Bob Barnes, Ector County Commissioner Kellus Turner and Bexar County Commissioner Frank Vaughan Jr.

COURTS SPEAK — Former State Sen. David Ratliff of Stamford was found guilty by a Travis County district court jury of theft of state paychecks made out to a one-time employee and drew a 10-year probation sentence.

The Texas Supreme Court upheld a one-year suspension of license for a Dallas lawyer who allegedly embezzled \$2,772 of a client's money. The State Bar of Texas wanted the lawyer disbarred, but lower courts settled on the suspension instead.

The Court of Criminal Appeals scheduled a December 12 hearing on the appeal of former State Rep. Walter Knapp of Amarillo from a four-year prison sentence for theft by false pretext.

AG OPINIONS — Results of blood tests of drivers suspected of intoxication do not have to be disclosed to insurance companies and credit associations, Atty. Gen. Crawford Martin held.

In other recent opinions, Martin concluded:

The 15 cent special county road and bridge tax fund levy and the farm-to-market and lateral road tax fund may not be transferred into the general fund or used for any purpose other than roads and bridges.

Bell County commissioners have no power to make the county maintenance fund a single fund collected and spent countywide without regard to precinct lines.

THEFT, LITTERING CONTROLS PLANNED — The Department of Public Safety announced plans to combat commercialized motor vehicle thefts and to check littering on highways.

DPS has created a specialized task force to coordinate a statewide effort against auto theft. The 15-member group will investigate thefts of autos, boats, motorcycles, heavy equipment, mobile homes, travel trailers and boat power units. Members will be stationed at strategic locations over the state.

DPS patrolmen in all unincorporated services, meanwhile, have been ordered to watch closely for motorists and others who throw litter on the highways or right-of-ways. Fines from \$25 to \$200 may be assessed for littering. DPS actually made 841 littering arrests in 1971 as compared with 225 in 1960.

About 50,000 motor vehicles were stolen in Texas last year, an increase of 17 percent over 1970. Losses were estimated at \$35 million.

Public Asked To Join 'Pitch In' Campaign

AUSTIN — The Texas Highway Department is taking the lead among State agencies in asking the motoring public to join the "Pitch In" anti-litter campaign.

The campaign has been sponsored by industry leaders throughout the nation in efforts to pare the wasteful cost of litter pickup along the highways and elsewhere.

The Highway Department has been placing litter barrel decals on receptacles posted along the 70-thousand-mile State highway system to encourage motorists to "Pitch In." There are approximately five thousand litter barrels in roadside parks, safety rest areas and highway turnouts.

In addition, the Department is affixing "Pitch In" bumper stickers to Departmental autos, trucks, station wagons and pickups.

The Department also plans to distribute the bumper stickers to other State agencies for their vehicles. The green and white vinyl bumper stickers were made available by the U. S. Brewers Association, Texas Division, which is one of the sponsors of the anti-litter program.

The task of pickup after highway litterbugs falls to maintenance forces of the Department, a task which cost the taxpayers of Texas more than \$3.3 million a year.

Something new — Farmers in this community are actually admitting, out loud, that they are glad to see this sunshine. Fields are still wet from the heavy rains that fell here last week, and it will be sometime before they can get in there to gather their cotton.

Supt. Dalton Gill attended the organizational meeting of the district UIL spring events last week. Mr. Roberts of Benjamin was named Director General for the events this year.

Mrs. Weldon Norman attended a workshop for the interpretation of recent individual diagnostic tests given sixth graders. The meeting was held at the Pioneer Drive Elementary School in Abilene on Monday of last week.

This is a pilot program for State Testing, and Mrs. Norman found that O. G. sixth graders rated very high on the tests.

The O. G. Pirates will be traveling out of town for their next game. They will play at Eula Nov. 14.

The Junior High teams will be going to Noodle Thursday, Nov. 9. The game is scheduled for 6:30.

Mr. and Mrs. Charlie Letz visited in Houston last week with his sister and her husband, Mr. and Mrs. Eugene Van-

derworth. They had been to Jacksonville to attend the funeral of a brother-in-law, Cecil Weaver, and went from there on to Houston.

Mr. and Mrs. Roy Wienie of Lubbock and their son, Doug Wienie of Idalou, were here last Thursday. They visited Mr. Wienie's mother, Mrs. Lottie Wienie at Rice Springs Care Home in Haskell, and also with other relatives and friends there. They came back through O. G., visited with the Garrett Spitzers, had supper with Mrs. Katie Gerloff, and then stopped by to visit with Mr. and Mrs. Beno Hertenberger for awhile.

Jack Gerloff of Lubbock spent a night here last week with his mother, Mrs. Katie Gerloff.

Oscar Vanderworth recently had a very interesting letter from his granddaughter, Mrs. Barclay Curtis of Oklahoma City, Okla. Mrs. Curtis is the former Luella Jean Vanderworth, daughter of Mr. and Mrs. Eugene Vanderworth of Houston. She and her parents lived here when Luella was a child, and she attended school at Old Glory when she was in the 1st and 2nd grade.

Mr. and Mrs. George Rhoads and children and Mrs. Nora Offill visited with Mr. and Mrs. Eric Bergstrom of Haskell

**H-SU CLASS FAVORITE** — Gil Lain was elected Senior Class favorite during an all school election Oct. 20 at Hardin-Simmons University. Presentations were made Friday at H-SU at Behrens Chapel.

Texas Municipal League will hold its 60th annual conference in Dallas November 12-14. The seventh annual governor's conference on tourist development will open in Houston November 15.

Mrs. Ruth Hillier is on a trip to Modesto, Calif. with her son Frank Jr. I'm sure she'll have a good report for all when she returns home next week.

Tammy Hargrove who did a column during the summer months, Summer Safari, visited in Hamlin this weekend from San Angelo where she is a student at Angelo State University. While in Hamlin she stayed in the home of her grandparents, Mr. and Mrs. W. C. Hargrove.

Bryce Fowler was in Hamlin last weekend from Texas Tech and visited in the home of his parents Mr. and Mrs. Robert Fowler.

Another student home from Texas Tech last weekend was Jimmie Lou Bishop, while in Hamlin she stayed in the home of her mother, Mrs. Ben Turner.

John Holtz of Hamlin, his brother, Olin Holtz from Abilene and a friend Bob Collins of Houston recently spent eight days in Pogosa Springs, Colo., elk hunting. They enjoyed their trip but snow storms and other bad weather kept their hunting to a minimum and any game they got could not be brought in.

My parents, Mr. and Mrs. Joe Worl and younger brother, Rex David, were here for the weekend. My father is home on leave from Alaska where he is a speciality surveyor for Alyeska Pipeline Company, my older brother, Steven, is there now. They drove here from Troup.

We also visited in Abilene Sunday afternoon in the home of former Hamlin residents, Mr. and Mrs. Jeff Willis.

Visitors in the home of Mr. and Mrs. Charles Connally last weekend was Mr. and Mrs. James Woods and their children from Eastland. They also visited in the home of Mrs. Lilly Yates during their stay here.

Mrs. Grace Oliver has asked if anyone has the Tunnel of Fudge recipe with icing. She bought one at a bake sale and thought it was delicious. If you have this recipe or know of someone who does, please call Mrs. Oliver or myself.

One day last week when it was rainy and cold I was at the laundry and had some car trouble. I walked up and asked a man if he would try to start the car for me so I could go to a station. When he couldn't, he got under the hood for an hour and fixed my car himself and then wouldn't even take any pay for it. I couldn't believe it. I guess there's not many people around now that would do that much for someone they didn't even know. We should all try to follow his example.

Have you ever tried dropping several BB pellets in your nail

polish bottle? Each time you use the polish, shake well and the polish is easily, quickly, and thoroughly mixed. This is especially good for the frosted types of polishes. It also raises the level of the polish so the brush always reaches it.

Always keep a discarded window shade in the trunk of your car. Then when you have to change a tire or have any kind of trouble, unroll the shade, it keeps your clothes clean and it is so handy.

### Recipe of the Week

#### Pudding Cheese Cake

1 1/4 cups fine graham cracker crumbs

1/4 cup sugar

6 tablespoons butter or margarine, melted

4 packages (3 oz.) cream cheese, softened

2 cups cold milk

2 tablespoons sugar

1/2 teaspoon vanilla

1 package (3 3/4 oz.) Jell-O lemon or vanilla Instant pudding and pie filling

Combine crumbs, 1/4 cup sugar and butter; press firmly on bottom and sides of 8-inch square or 9-inch square pie pan. Chill while preparing the filling.

Beat cream cheese until very soft. Blend in 1/2 cup milk. Add remaining milk, 2 tablespoons sugar, the vanilla, and pie filling mix; beat as directed on package for pie. Pour into crust. Chill until firm at least 2 hours.

This is really good and so much easier and cheaper to make than a regular Cheese cake recipe.

NEWS FROM...

## Sylvester

by Mrs. R. M. Babb

I am nearly afraid to say the sun is shining because it is supposed to turn bad again. We have had nearly two inches of rain this past week. The farmers are very anxious for some dry days so they can get this cotton out.

The W. M. Lawlises attended the Texas Baptist Convention in Abilene last week.

Mr. and Mrs. Dawson McCain of Noodle celebrated their Golden Wedding Anniversary this past Sunday.

Lillie Jones is in Simmons Memorial hospital in Sweetwater but is improved at this writing.

Fred Turner is in Dallas in the hospital again but was slightly improved this morning.

It was so good to see Alfred Douglass down town the other morning. He says he is getting

stronger each day.

The Woodrow Lawlises spent last Friday in Big Spring with the Mike Dobbs family.

Elsie Moffett accepted the invitation of her children and took a trip just sight seeing. She said they really had a good time.

We were sorry to learn of the death of Mrs. Loys Smith's mother, Mrs. Arnold of Brownwood. She celebrated her 100th birthday in July.

Mrs. Artie Smith enjoyed the election returns in the home of her daughter, Mrs. Tommie Combest in San Angelo.

Mr. and Mrs. A. J. Hill visited friends in Ballinger over the weekend.

Mrs. Buster Lambert is in Stamford Hospital at this writing.

Mrs. Carra Perkins and Mrs.

Forest Perkins enjoyed the day Saturday shopping in Abilene.

Mrs. E. F. Lawlis was given a surprise birthday dinner in her home on Sunday. The John Henley family of Abilene, the Harvey Lawlis family of Hamlin and Margie and family of San Angelo spent the day with her.

Mr. and Mrs. A. W. Baker have moved into the McCreight house. We want to welcome them to our community.

Mr. and Mrs. Clayton Harris have bought the Scott house and are doing some remodeling before they move in. Welcome to them, even though Clayton has been here all the time.

Mr. and Mrs. Paul Stephens spent most of last week visiting his brothers in Bangs, DeLeon and Blanket, they report a grand time.

Adding machine paper at the HERALD.

## SHORT WAVES

BY FRANK SHEARER

Bald men are lucky. When they expect company, all they need to do is straighten their ties.

Housework is something you do that nobody notices until you don't do it.

Hospital bed: a parked taxi with the meter running.

You're getting old when you feel on Saturday night the way you used to feel on Monday morning.

All the world loves a lover — except those waiting to use the phone.

## BRIDGE

Mrs. G. W. Comegys and Preston Morrow of Rotan were first in the Tuesday evening competition at Hamlin Duplicate Bridge Club. Mrs. Dale Lain and Mrs. Ray Son-nen-burg were second and Mr. and Mrs. Bob Graham of Abilene were third.
